The Society of Monash Electrical Engineers (SMEE) is the official academic club of the Electrical and Computer Systems Engineering (ECSE) department at Monash University. We are a student-run, not-for-profit organisation.

We act as an intermediary for communication between the ECSE department and the student body, to ensure that students have a fulfilling study experience and can expect a high standard of education. We also act as a connection between students and the industry, promoting events and opportunities which we believe can aid students in their development for their career ahead.

We run a wide variety of events each year, including competitions, workshops and seminars, careers events, and social events. Through these, we aim to help students in all
facets of university life: bolstering technical skills, providing exposure to the industry, and helping students meet and connect with like-minded peers.

Come visit us in the ECSE Common Room!

Room 111, Building 35, 16 Alliance Lane

SOCIETY OF MONASH ELECTRICAL ENGINEERS

Flagship Events

Tech Industry Night

Meet industry representatives from a variety of fields
Gain valuable information about engineering companies and opportunities
Helpful for deciding your specialisation

Sign up will open before the mid-semester break

Robot Building Competition

Get an introduction to working at the intersection of software and hardware
Develop skills in workshops ahead of the competition
Work in a team over a weekend to build a robot

Open to all students regardless of degree and experience, ideal for first and second years

Keep an eye out for sign-ups near the end of semester 1

Other Events

Workshops

Introduction to electrical engineering fundamentals
Learn useful skills for your degree
Get an advantage in understanding course content

Workshops range from fundamental lab skills, programming, circuit simulation, soldering, and more
Social events

A break from studying
Get to know your fellow engineering students
Have fun!

Industry events

Meet Monash ECSE alumni and industry representatives
Learn about career pathways

Site visits, panel nights and more

Sales

Purchase electrical components
Whether you're a first year looking for replacement parts or just looking to buy your own to start a project, we'll be able to help you out!

Summer Break

Mid-Sem Break

Robot Building Competition

Winter Break

Mid-Sem Break

Tech Industry Night

Workshops

O-Week

Workshops, social events, industry events, sales and more throughout the year!
