The Society of Monash Electrical Engineers (SMEE) is the official academic club of the Electrical and Computer Systems Engineering (ECSE) department at Monash University. We are a student-run, not-for-profit organisation.

We act as an intermediary for communication between the ECSE department and the student body, to ensure that students have a fulfilling study experience and can expect a high standard of education. We also act as a connection between students and the industry, promoting events and opportunities which we believe can aid students in their development for their career ahead.

We run a wide variety of events each year, including competitions, workshops and seminars, careers events, and social events. Through these, we aim to help students in all
facets of university life: bolstering technical skills, providing exposure to the industry, and helping students meet and connect with like-minded peers.

Come visit us in the ECSE Common Room!

Room 111, Engineering 35,
16 Alliance Lane

SOCIETY OF MONASH ELECTRICAL ENGINEERS

SOCIETY OF MONASH ELECTRICAL ENGINEERS

Flagship Events

Tech Industry Night

Meet industry representatives from a variety of fields.

Gain valuable information about engineering companies and opportunities.

Planned to happen in Tuesday of Week 6.

Robot Building Competition

Get an introduction to working at the intersection of software and hardware.

Develop skills in workshops ahead of the competition.

Work in a team over a weekend to build a robot.

Open to all students regardless of degree and experience, ideal for first and second years.

Keep an eye out for sign-ups near the beginning of semester 2.

Other Events

Technical Workshops

Introduction to electrical engineering fundamentals.

Learn useful skills for your degree
Get an advantage in understanding course content.

Workshops range from fundamental lab skills, programming, circuit simulation, soldering, and more.

Social events

A break from studying, let's get to know your fellow engineering students and have fun!
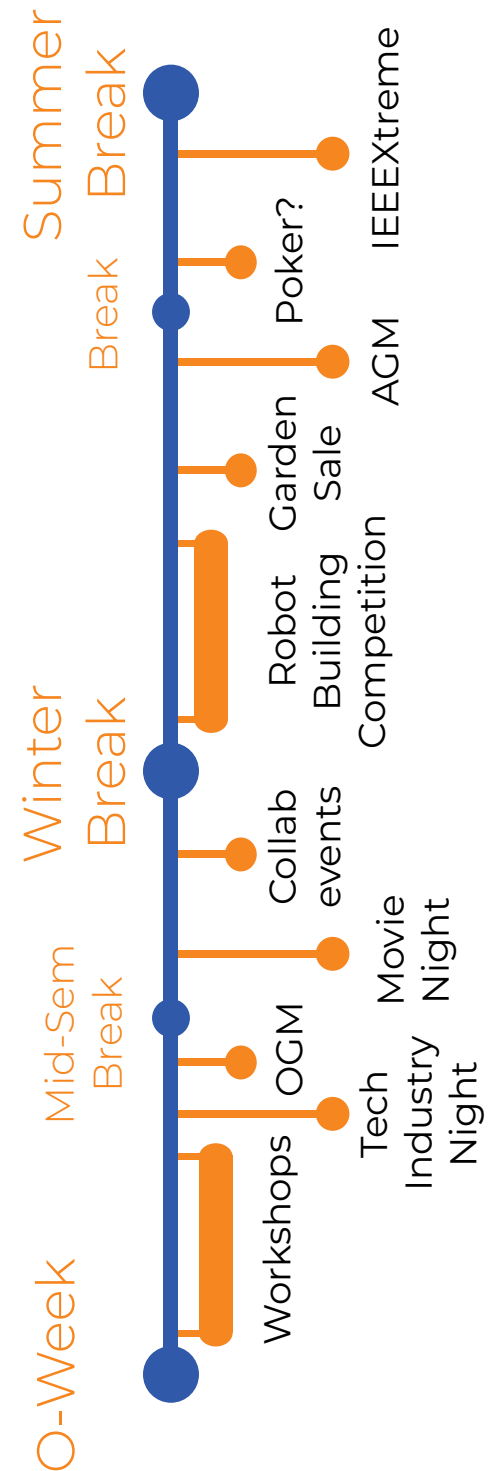

Industry events

Meet Monash ECSE alumni and industry representatives of different fields.

Learn about career pathways.

Sales

Purchase electrical components.

Whether you're a first year looking for replacement parts or just looking to buy your own to start a project, we'll be able to help you out!

Summer Break

Break

IEEEXtreme

Poker?

AGM

Garden Sale

Robot Building Competition

Winter Break

Collab events

Movie Night

Mid-Sem Break

OGM

Tech Industry Night

O-Week

Workshops

Workshops, social events, industry events, sales and more throughout the year!
